

Tax Access System (TAS)

One way to ease the demand on towns' tax clerks is for municipalities to utilize the Tax Access System (TAS) option. Tax payers and clerks alike can quickly reference what taxes were billed and what the total would have been without exemptions.

ParcelNo	Address	Town Name
18 06-1-25	1677 East Ave	Barker
18 06-1-33	8709 Main St	Barker
18 06-1-34	8703 Main St	Barker
18 06-1-51	Quaker Rd	Barker

TAS users can:

- Search by street and/or SBL number in either Erie or Niagara County.
- Previous and current year tax data.
- Use toolbar to access Parcel Analysis System (PAS) or maps for Niagara and Erie Counties.

A handy option allows users to sort the data grid by address or town name. Users can search part of an address or even a partial SBL in the Search Feature. Note that limited functionality is available for those municipalities not currently participating in the PASTAS suite.

Tax Access System Query Application - Windows Internet Explorer

Som sewer <300'	\$ 60.00	\$ 60.00
Som sewer >300'	\$ 1.10	\$ 1.10
Somerset sewer	\$ 132.10	\$ 132.31
Tax As Billed	\$878.93	\$876.13
Tax W/O Exemptions	\$878.93	\$876.13

The Tax Analysis System is designed to access tax billing information for all real property in your town. For best results, search on either a house number or street name or both. A less specific search string will return better results than an exact string. Please do not include the street type (Ave, Rd, St, etc.) in your search.

For instance, if 'Enter Address' is chosen, the user can just type in part of the street name (for example, 'main') before hitting the search button. The search returns a list of addresses that satisfy the requirements (aka all the parcels that have 'main' in their street name). The user can click on the SBL (left column) for the property's tax data (displayed on the right).
